

## MODERN SPIRITUAL MASTERS

Robert Ellsberg, Series Editor

This series introduces the writing and vision of some of the great spiritual masters of the twentieth century. Along with selections from their writings, each volume includes a comprehensive introduction, presenting the author's life and writings in context and drawing attention to points of special relevance to contemporary spirituality.

Some of these authors found a wide audience in their lifetimes. In other cases recognition has come long after their deaths. Some are rooted in long-established traditions of spirituality. Others charted new, untested paths. In each case, however, the authors in this series have engaged in a spiritual journey shaped by the influences and concerns of our age. Such concerns include the challenges of modern science, religious pluralism, secularism, and the quest for social justice.

At the dawn of a new millennium this series commends these modern spiritual masters, along with the saints and witnesses of previous centuries, as guides and companions to a new generation of seekers.
